Paul---I would like to know if you have time this month to make a field trip to the Green peak Quarry to look at the reclamation which is done and look at revising the bond amount. We also have issues with the new requirement in the reclamation plan. It is not consistent with our original.

My quarry operator, Dennis Jorgenson, passed away last month. I hope to have a new operator for reclamation on board before our site visit.

Best to reach me by e mail or cell 360 921 4172
